

What's Growing On...

September 2008

See what's HOT at Miramar!!!

At Miramar, we are devoted to providing our customers with top quality plants and are featuring a few select items this month. They are gorgeous and highly functional. Below are a couple examples, but come in or call and we'll provide you with a full 'Hot List' listing.

Bougainvillea 'Barbara Karst' is a favorite in San Diego, and our 5 gallons look phenomenal. It has great year-round color and loves to be in the sun. It is also one of our drought-tolerant plants, so you can receive an additional ten percent off this item with our coupon this month.

Pittosporum tobira 'Wheelers Dwarf' What's green all year, stays low to the ground, smells nice, doesn't need a lot of care or water and forms a round shape naturally? You guessed it! Five gallon Dwarf Mock Orange is also on our availability as a drought-tolerant plant.

Fall Markdowns:

Plant	Size	Quantity
Abelia grandiflora	5 Gal.	2000
Betula pendula (Multi-trunk)	24" Box	200
Hibiscus (all bush varieties)	5 Gal.	5000
